The Government report estimates a steadily as the session progressed, the last hour's market being little changed from Wednesday's final bids. Room shorts were again uneasy despite the continued critical labor situation in Great Britain. The strike news from abroad accounted for most of the pressure of the forenoon and the early part of the afternoon. Offerings from the South were moderately heavy at times and there was Wall Street selling after the call. At the day's lowest the market showed a decline of 2 to 22 points. Distant options were more or less neglected. tant options were more or less neglected. sions

the tone was fairly steady, first sale showing a loss of 9 to 12 points. Con mission houses were on both sides of th better than due, but the English marke reacted in its late dealings. Short cover ing in a technically stronger marke accounted for betterment abroad. Weather conditions played little par

in the market's trend. Bears calle attention to the failure of a small Liver pool firm. Early in the afternoon Jap-anese interests sold distant options, but there was sufficient short covering to take care of most cotton offered. Gen-erally speaking, the market was exceed-

WINTER WHEAT CROP IS 621,000,000 BUSHELS

Federal Forecast Is for the Fourth Largest in U. S.

WASHINGTON, April 7 .-- A winter wheat crop, the fourth largest in the country's history, was forecast to-day by the Department of Agriculture with a total production of 621,000,000 bushels,

44,000,000 more than were harvested last year.

The condition of the crop improved 3.1 points from that of December 1, the April 1 condition being 31 per cent. of a normal. There was an average decline of 4.3 points between these dates of the last ten years. The crop of 1919 was the largest of winter wheat ever grown with 729,000,000 bushels.

The area sown hast fall was 40,605,000 acres and it is believed that the abandonment has been small. The 1920 crop was sown on 41,757,000 acres, of which 37,773,000 were harvested. The record crop of 1919 was harvested from 49,105,000 acres.

Production of rye was forecast as 66,386,000 bushels from a condition of 90.8 per cent. of a normal.

DES MOINES, Iowa, April 7.—The con-dition of Iowa's winter wheat crop April 1 was 94 per cent. of normal, the joint Government and State report is-seed to-day shows. About 425,000 acres were sown in the State last fall, against 458,000 in the autumn of 1912.

OH. Cirr, April 7 — Credit balances, 63; runs, 101,385; average 48,006; shipments, 54,222; average, 39,833.

WRIT DENIED HETTRICK. Supreme Court Justice Edward J. Gavegan denied a certificate of reasonable doubt yesterday for John T. Hetrick, author of the Building Trades Council's "code of practice." Hetrick was convicted of conspiracy February 24 and soon must begin his penitentiary term.

there was sufficient short covering to take care of most cotton offered. Generally speaking, the market was exceedingly narrow. The late recovery carried prices to 2 points more than Wednesday's bids, but in the final few minutes realizing sales caused a reaction from the top and left the market finally steady, unchanged to 6 points net lower. Local spot was off 5 points to 12 cents.
